Summer/Fall 2022

# 2022

## DESERONTO PUBLIC LIBRARY ANNUAL REPORT

# \$83,000

### IN GRANT FUNDS

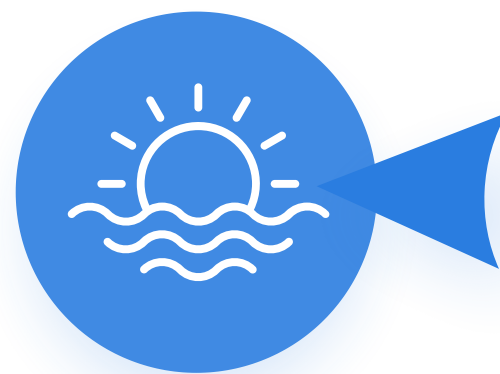

A major renovation was completed, with another beginning thanks to successful grant applications

### Computer Lab Desk & Stage Removal

### March Break 2022

We were thrilled to welcome patrons back into the library for in-person programming! Super heroes, wizards, and literary characters took over the week!

### TD Summer Reading Club

We had a fantastic turnout for our summer programs. Some highlights were Cookies & Canvas, Learning to Crochet, and the End of Summer Party!

### School Visits

2022 saw the return of class visits! We had groups to the library and started visiting students in their classes at the Deseronto Public School. Who knew that coding and literacy went so well together?

## Renewed. Refreshed. Reimagined.

2022 brought many changes to the Deseronto Public Library. The year started off with continued pandemic-related closures and ended with the completion of a renovation of the main library space, a redesigned logo, new Library Board, and plans in place to begin creating the FLEXspace! This refresh of the computer lab will equip the library with a programming space that can host a wide variety of workshops, events, and programs to service the community. We plan to install a new projector, updated internet network equipment, a 3D Printer, Cricut vinyl cutter, new modular furniture, plus a fresh look to blend with the rest of the newly renovated library. 2023 has many exciting things in store and we are thrilled to continue the momentum 2022 has started.
